

Print All Even Numbers in an Array

Question

Write a program to print all even numbers from an array.

Example array: [10, 3, 5, 2, 7, 6, 9]

Expected Output: 10 2 6

Approach

Iterate through each element in the array.

Check if the element is divisible by 2.

If yes, print the element (it's even).

Example

Input: [10, 3, 5, 2, 7, 6, 9]

Output: 10 2 6

JavaScript**C****C++****Java****Python**

```
let arr = [10, 3, 5, 2, 7, 6, 9];  
for (let i = 0; i < arr.length; i++) {  
    if (arr[i] % 2 === 0) {  
        console.log(arr[i]);  
    }  
}
